

The seamless, web based enrollment tool you want without all the extras you don't.

eXpertenroll™ provides **ENROLLMENT SUPPORT** for Open Enrollment or Open Enrollment and New Hires. The user-friendly platform lets you avoid the hassle of mandatory enrollment meetings, call centers and face to face enrollers with an option your employees want and need. Easy online enrollment provided in English and Spanish, on **DEMAND 24/7** and accessible via smart phone, computer or tablet allowing your employees to enroll when and where they want.

- Are you looking for an online enrollment experience ONLY?
- Do you have 1000 + employees?
- Are you an employer just dipping your toes into the world of benefits technology and aren't ready to implement a full benefit administration system?
- Or Do you have existing HR technology that will serve as the system of record?

If you answered yes to the above, then eXpertenroll™ is your solution.

You can count on eXpertenroll™ to provide:

- **Informative and engaging** custom videos to educate your employees about the benefits being offered
- **A post enrollment eligibility file** to you or your system of record
- **Single sign on capability** - If you have existing technology in place
- **Integration** with systems such as
 - Workday
 - Peoplesoft
 - Oracle
 - Lawson
 - Ultipro
 - And Many More

Trust eXpertenroll™ to deliver a superior online benefits enrollment experience.
